Mick,
Did your folks ever receive any information or have any involvement in this spill? I have the NRC report if you would like to see it.

Hi Joan and Sam—
I'm not sure I'm sending this to the right people, but I thought I would start with you all. This is a request from OGC regarding a subpoena related to a site that we have no information on in RCRA-C. Wondering if either Remedial or Removal might have ever had any involvement.
Thanks.

Gary,

Please find attached the subpoena for documents we briefly discussed on the phone this afternoon. As noted, I am in the process of converting the subpoena into a FOIA request as per our "Touhy" regulations. As part of this process, I need to identify a "lead" office for responding to the request. If an R5 office is indeed likely a principal custodian for any responsive records EPA may have, I would appreciate it if you or one of your colleagues could please let me know which office should be assigned to respond to the FOIA so I may properly inform the requester.

Thanks,

Scott Albright
